HOLE

TEE

BASKET

HOW TO PLAY

- Disc golf is played like traditional golf.
- Make your first throw from each tee area.
- Throw again from where your disc comes to rest, allowing player farthest from the basket to throw first.
- Keep throwing until your disc comes to rest in the basket. Count one stroke for each throw.
- If your disc lands in an out-of-bounds area, make your next throw from the last place your disc was in-bounds – and add a one-stroke penalty.
